Notes Forming part of the Financial Statement for the year ended March 31, 2025.

28.1.2. Intangible Assets:

Intangible assets are stated at original cost net of tax / duty credit availed, if any, less accumulated depreciation and cumulative impairment. Intangible assets are recognized when it is probable that future economic benefits that are attributable to the assets will flow to the company and the cost of the item can be measured reliably.

Intangible assets are amortized on straight line basis over the estimated useful life which is the period of three years

28.1.3. Capital Work-in-Progress:

PPE not ready for the intended use on the date of balance sheet are disclosed as 'Capital Work-in Progress'

28.2 IMPAIRMENT OF ASSETS: -

Management periodically assesses using external and internal sources whether there is an indication that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount. If the carrying amount of the asset exceeds its recoverable amount, an impairment loss is recognized in the Statement of Profit and Loss to the extent the carrying amount exceeds the recoverable amount. The impairment loss recognized in the prior accounting period is reversed if there has been a change in the estimate of recoverable amount

As on 31st March 2025 none of the fixed assets were considered impaired.

28.3 INVENTORIES: -

Inventories are valued as per Cost or Net realisable value whichever is lower.

Cost of inventories is inclusive of cost of purchase, cost of conversion and other cost incurred in bringing the inventories to their present location and condition.

Net realisable value is estimated selling price in the ordinary course of business less estimated cost of completion and selling expenses.

28.4 INVESTMENTS: -

Investments that are readily realisable and intended to be held for not more than a year are classified as current investment. All other investments are classified as long-term investment.

Current investments are valued at the lower of cost or fair value. Changes in the carrying amount of current investments are recognized in the statement of Profit & Loss. Long term investments are valued at cost, less any provision for diminution to recognise a dicline, other than temporary, in the value of such investments: decline if any, is charged to the Statement of Profit & Loss. Cost comprises cost of acquisation and related expenses such as brokerage and stamp duties.

Currently, Company has no investment in any other Company
