

Project Manager – Mr. Sundararajan

Professional Summary:

Mr. Sundararajan is an experienced Project Manager with over 11+ years of expertise in solar EPC project management, execution, and performance monitoring. He demonstrates strong leadership in handling multi-megawatt solar projects, ensuring on-time delivery with adherence to quality, safety, and ISO compliance standards. His core strengths include project planning, team coordination, contractor management, and site execution, supported by a sound technical background in electrical and renewable energy systems.

He is proficient in Management Information System (MIS) reporting, cost and performance tracking, and interdepartmental coordination to support management decision-making and ensure smooth operational flow. His proactive approach and commitment to continuous improvement have contributed significantly to project efficiency and client satisfaction.

Professional Experience:

Progen Renewables Limited
